

# Guess the researcher.

Choose the correct Breast Cancer Now researcher for your chance to win a prize.

1. The game's organiser picks one of our relentless researchers and writes their name in the top right corner and folds it over so no one can sneak a peek.
2. We suggest players pay a donation of £2 (no donation necessary) to put their name next to a researcher.
3. Once the sheet is full and the money is in, the organiser reveals the winner and gives them their prize. This could be half the donations or a prize of your choosing.
4. The remaining money will go towards life-saving research. Research that we believe will create a future where everyone who develops breast cancer lives – and lives well.
